Thank You! Try a different method From the Author: Rob McEntarffer taught AP Psychology at Lincoln Southeast High School in Lincoln, NE for over 13 years and Introductory Psychology at Nebraska Wesleyan University for over 7 years. He earned a B.S. in teaching of psychology at the University of Nebraska, a master's degree in educational psychology, and a Ph.D. in education. He has extensive experience in scoring the Advanced Placement Psychology free-response questions, having served as a Reader, Table Leader, and as the high school Question Leader. He is past chair of the national organization Teachers of Psychology in Secondary Schools, worked with the committee on the National Standards for the Teaching of High School Psychology, and is involved in writing assessment materials for high school and college level introductory psychology textbooks. He works as an assessment specialist for his school district.Allyson Weseley has taught AP Psychology and run a Behavioral Science Research Program at Roslyn High School in Roslyn Heights, NY for over 20 years. Her students have enjoyed great success on the AP exam, with a 100% passing rate and well over 80% earning 5's. She earned an undergraduate degree in Psychology at Princeton University, a master's degree from the Harvard Graduate School of Education, and a doctorate from Columbia University's Teachers College. Dr. Weseley has served as a Reader and Table Leader for the AP Psychology exam, published a number of psychology-related activities, led several psychology teacher workshops, and served on the Board of Teachers of Psychology in the Secondary Schools. From the Inside Flap: Table of Contents: Barron's Essential 5Introduction: Using This BookThe Fabulous Overview of the AP Psychology ExamDiagnostic Test 1 History and Approaches 2 Methods 3 Biological Bases of Behavior 4 Sensation and Perception 5 States of Consciousness 6 Learning 7 Cognition 8 Motivation and Emotion 9 Developmental Psychology 10 Personality 11 Testing and Individual Differences 12 Abnormal Psychology 13 Treatment of Psychological Disorders 14 Social Psychology 15 Multiple-Choice Test-Taking Tips 16 Answering Free-Response Questions Practice Tests Index "About this title" may belong to another edition of this title. Article by Jane Newsom. Last Updated: Monday, Aug 2, 2021 AP Psychology introduces students to the scientific and systematic study of the behavior and mental processes of human beings and other animals. It's goal is to provide students with instruction equivalent to an introductory college class.We'll cover the course, exams, and our picks for the best AP Psychology review book. Plus, Flashcards, and Study Guides for test year 2022 below, but if you just can't wait, here's the short list:Getting a jump start on college level studies can be extremely helpful for students interested in pursuing a degree in the field. It's also a strong choice for students who aren't sure what they want to study at the undergraduate level. Whatever your motivation for studying AP Psychology, a good review book can be the key to help you succeed!Best AP Psychology BooksAP Psychology has several strong contenders for the best review book, which we've ranked for you above. Continue on for detailed information on each book:Barron's AP PsychologyEditor's ChoicePros: Tons of full length practice tests in multiple formats.Cons: Some readers find the content too densely packed.Best For: Supplemental study aid for the duration of the course and leading up to the exam.Our Rating: 5 / 5Our top pick for best AP Psychology review book is Barron's AP Psychology. It contains a wealth of information covering all of the concepts and themes covered in the AP Psychology course and test. It also comes bundled with a number of full length practice tests, both in print and online. The full list of features include:Diagnostic test, 3 full length practice exams, and 3 bonus online tests.Abnormal psychology chapter updated with latest information from the DSM-5.15 multiple choice questions at the end of each chapter.Analysis of the free response section of the exam with a sample essay.You can't go wrong supplementing your assigned class book with this guide. It has a comprehensive review of material, and great practice questions that really comes in handy leading up to the test. If you only pick up one book from this list, we think you'll be best off with this one!Cracking The AP Psychology ExamPros: Strong and well organized contents.Cons: Limited number of full length practice tests compared to other books on this list.Best For: Complimenting required course textbooks for study throughout the course.Our Rating: 4.5 / 5Cracking The AP Psychology Exam is our second second choice for best AP Psychology review book this year. It's main drawback compared to our top pick above is fewer full length practice tests. The full list of features for this book includes:2 full length practice tests with detailed answer keys.Up to date info for current year test.Practice questions at the end of each chapter.Online resources to help you form a study plan, review key terms, etc.The online resources included with Cracking The AP Psychology Exam book are extremely useful, and make this a great purchase. It's a solid book overall, with great print content as well. Whether you need a last minute review, or just want to supplement your other course book for year long study, this is a solid pick.AP Psychology Crash CoursePros: Narrow focus is easy to get through in a hurry.Cons: Limited practice test resources, somewhat out of date.Best For: Last minute review and cramming leading up to the exam..Our Rating: 4.0 / 5AP Psychology Crash Course is just that: a crash course in the key topics and themes tested on the AP Psychology exam. It cuts out all of the fluff and keeps a laser focus on just the info you need to succeed on the test. Book features include:Targeted review focuses on just what you need for the exam.Contains strategy review for both multiple choice and free response portions of the exam.Access to online practice exam.If you're in a time crunch, this book is a good choice to help you focus on just what you need to know. It hasn't been updated in a few years, but can still serve as a valuable resource if you keep that fact in mind.5 Steps To A 5: AP PsychologyPros: Solid digital resources compliment printed materials.Cons: Less detail and depth than some guides on this list.Best For: Year long study aid to compliment course textbook.Our Rating: 4.0 / 55 Steps to a 5 AP Psychology is jam packed with online resources, and contains a solid review of the course themes. Students will do well with this as a supplemental book. Features include:6 Full length practice tests (3 in the book + 3 cross platform)Proven strategies for both multiple choice and free response sections.Hundreds of practice questions with detailed answers.Comprehensive review of the exam and format.5 Steps To A 5: AP Psychology doesn't quite take the top spot, but it still serves as a great book for anyone planning to take the AP Psychology exam. If you've used and enjoyed any of the other 5 Steps To A 5 books, don't hesitate to pick this one up!Best AP Psychology FlashcardsIn addition to the excellent books mentioned above, AP Psychology students will see significant benefits in prepping for the exam using flashcards. Our top picks for Best AP Psychology Flashcards are outlined below.Barron's AP Psychology Flash CardsEditor's ChoicePros: Well organized and comprehensive.Cons: Some of the cards are relatively simplistic.Our Rating: 4.5 / 5Barron's AP Psychology Flash Cards serves as a fantastic way to memorize key facts and information tested in the exam in a way that's fun and entertaining. It's a great compliment to Barron's AP Psychology book, or any of the other books outlined above. Key features include:Over 500 flashcards.Covers all 14 themes from AP Psychology course.Updated with most recent DSM-5 guidelines.Access to full length bonus practice test.We fully recommend flashcards as a supplement to any full length review book. Barron's are our #1 recommendation for AP Psychology flashcards.5 Steps to a 5 AP Psychology FlashcardsPros: Huge number of terms covered.Cons: Not as durable as Barron's version above.Our Rating: 4.0 / 55 Steps to a 5 AP Psychology Flashcards cover over 600 terms which the author has identified as frequently appearing on the AP Psychology exam. The flashcards are a handy supplement to any of the books on this list. Key features include:Over 600 flashcards.Bulleated list of key information for each term.Multiple formats (including digital) available for purchase.Memorization of key terms can be quite a chore. With these flashcards, the task is made easier and far less mind-numbing.A full Course Description for AP Psychology is available from collegeboard.org.There are a large number of topics and themes covered by an AP Psychology course:History and approachesUnderstand how field developed, major historical figures, etcResearch methodsDifferentiate types of research, predict validity of explanations based on quality of research, etcBiological bases of behaviorIdentify basics of biological influence on behavior, discuss the influence of drugs on neurotransmitters, etcSensation and perceptionDiscuss basics of sensory transduction, common sensory disorders, etcStates of consciousnessDescribe them and their influence on behavior, describe uses and history of hypnosis, etcLearningDescribe mechanisms and methods of learning, quality of learning methods, etcCognitionCompare and contrast various cognitive processes, strategies for memory improvement, etcMotivation and emotionIdentify and apply motivational concepts, describe research and theories on motivation, etcDevelopmental psychologyInteraction of nature and nurture, how gender influences socialization, etcPersonalityExplore theories on how personality traits develop, cultural influences, etcTesting and individual differencesDefine intelligence, how it's assessed, etcAbnormal behaviorDescribe current and historical assessments of disorders, etcTreatment of abnormal behaviorDescribe characteristics of interventions, summarize effectiveness, etcSocial psychologyApply attribution theory to explain motives, discuss attitudes and how they change, etcEach of these topics are covered in the AP Psychology exam, in varying proportions. Given the breadth of information covered, it's critical to have a good book to help you organize your limited study time.Students taking the AP Psychology Exam are responsible for demonstrating knowledge of the above mentioned concepts and themes. The student's knowledge is assessed through a 2 hour exam containing questions in either multiple choice or free response format. The exam is broken up into 2 parts, with the multiple choice section accounting for 66% and free response accounting for 33% of a final score between 1 and 5.Section 1: Multiple Choice70 minutes long and covers multiple themes and topicsAccounts for 66.6% of the final scorePoints are awarded for each correct answer, and no points are subtracted for incorrect or unanswered questions.Section 2: Free Response50 minutes long and contains 2 open ended questionsAccounts for 33.3% of the final score.Students are asked to analyze a general issue in psychology, using themes and concepts from the topics listed above.Theme WeightsThe major course themes are represented on the exam in varying proportions ranging from 2-10%. For exam dates, refer to The College Board AP Calendar.Wrapping UpAP Psychology is a popular choice for high school students across the nation. There's a ton of information crammed into the course, and a supplemental review book will be critical to success for many students.Our comprehensive list of top AP Psychology review books are outlined above. Which one is right for you will depend heavily on your specific circumstances. To recap our list of recommendations:Top Overall RecommendationBarron's AP PsychologyTop Pick For Course SupplementBarron's AP PsychologyTop Pick For Last Minute PrepAP Psychology Crash CourseTop Pick For FlashcardsBarron's AP Psychology Flash CardsOur top pick overall and our choice for best review book for year-long study is Barron's AP Psychology. The book has a fantastic structure and breadth of content with lots of bonus materials.For students facing more of a time crunch, AP Psychology Crash Course and Barron's AP Psychology Flash Cards are fantastic resources with a strong focus on specific information in the exam.Whatever your circumstance, supplemental study and review materials are a key part of ensuring success on the exam. We've listed some of the best AP Psychology books available. Good luck, and study hard!Sources and Further Reading
